Theme: Building a Culture of Health Equity

Summer is a time to enjoy good music, healthy foods and Family! In August, The McKinney Foundation will focus its educational programming on matters related to health and wellness. In an effort to ensure a healthier metro Detroit we are collaborating with the healthcare community to provide a unique array of activities that center on chronic health concerns affecting our city.

The 7th Annual “Celebrating a Healthier Detroit” Expo is a full-day event with a serious purpose! To take place on Wednesday, August 9, 2017; from 11:00am–4pm at William G. Milliken State Park & Harbor, which anchors the River Walk. The purpose of this Expo is to close the knowledge gap and reduce health disparities in metro Detroit, especially for metro Detroit residents who were recently ‘uninsured and underinsured’. By bringing together the greater health and wellness communities to educate families about relevant health issues and to share programs that are most beneficial to creating and maintaining a healthy lifestyle.

The Expo consists of informational seminars, invited speakers, and exhibits targeting health issues relevant to our community: Obesity and diet-based diseases with an emphasis on childhood obesity, hyper-tension, diabetes, heart disease, stroke, asthma, HIV/AIDS, depression, preventative care and wellness for the entire family, nutrition and fitness. This event features healthy cooking demonstrations and tastings for the entire family, free give-a-ways, prizes, music, song, dance and more!

Come join us in celebrating healthy Children, Families and a Healthier Detroit!
